**Before & After: How Invisalign Helps Real People**

Check out three case studies of real patients, find out why they chose Invisalign, and see before-and-after photos of their teeth.

[Take a look >](#)**Mom and Dad Can Have Perfect Teeth Too!**

Thinking of straightening your teeth, Mom and Dad? So are your friends! One in every five people in orthodontic treatment is over eighteen. Why not join the trend? Learn more about your financial options for Invisalign, the invisible way to straighten teeth.

[On your way to a perfect smile >](#)**Cool Kids Wear Braces**

These are not your mother's braces! A new study conducted for February's National Children's Dental Health Month finds that wearing braces makes kids feel cool, and that orthodontic treatment is overwhelmingly a positive experience.

[Get the details >>>](#)**FREE Text Message Appointment Reminders!**

We offer you the convenience of receiving appointment reminders as text messages on your cell phone, as well as email reminders. Find out how to sign up as many cell numbers as you like.

[Text me >](#)**12 Early Signs of Orthodontic Problems in Children [US]**

The American Association of Orthodontists recommends that children have their first

visit to the orthodontist at age 7. Find out what we assess in a 7-year-old, and 12 signs to watch for at home that may indicate a problem.

### Braces 101: Learn the Parts of Your Braces

So you've got braces. Do you know what all those little pieces are called? Knowing your braces vocabulary will help us help you, should you need to describe missing or damaged pieces to us over the phone.

[Learn about your braces >](#)

### Braces Cookbook 2: Gourmet Recipes for Adults with Braces [US]

This brand-new recipe book, co-authored by a gourmet chef and a long-time braces-wearer, includes full-color photos as well as dozens of recipes with gourmet touches, and tips for handling braces in the business world.

[Eat up >](#)

### Saying Goodbye to a Member of the Gregg Orthodontics Team

Gregg Orthodontics is saying goodbye to Sue Gregg! She has been a great member of our

front office staff for the last two years. We will miss her! Transitioning into the position is Lynsey Mager. Welcome Lynsey!

### Handling Orthodontic Emergencies (and Not-So-Emergencies)

What should you do if a bracket, a band, or a ligature comes loose? What if a wire is poking, or your teeth are sore? There are many steps you can take at home to remedy basic situations with your braces. Find out how you can make quick fixes yourself, and when you should pay a visit to our office.
